Mid-Life Crisis
David Doran
2499 Red Clover Drive
Ada, MI 49301

Dear David,

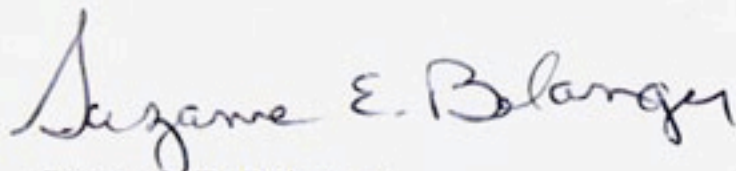

What a fabulous performance at last week's Association for the Blind and Visually Impaired fundraiser! Mid-Life Crisis was the perfect fit for the event. The music selections during the cocktail hour were right on and then following dinner, the band really picked it up for dancing and fun!

I have managed this event for six years now and this year's entertainment was the best ever. I received numerous complements on Mid-Life Crisis and cannot wait until next year's event to have you all back!

With every event, the entertainment can make or break the festivities – Mid-Life Crisis by far MADE the event a smash. People stayed later than they ever have and were still requesting music long after last call! The band was so easy to work with and required no follow-up on my part – you just knew what to do and did it.

My thanks to all the members of the band for your great personalities, professionalism and most of all your fabulous music! We will see you at the next Stars In Our Eyes event in 2004!

Best Regards,

Suzanne E. Belanger
Event Manager
